

Zen Business Bootcamp

Gold and Gold Plus Membership Programs:

Dear Friend,

After many requests, I have opened up a group-coaching program so you can work with me at a fraction of the cost that it would for individual mentoring. *We offer the absolute best, most practical, most profitable, most fun business advice for us "spiritual entrepreneurs" that you will find anywhere.*

Please know that these programs ARE NOT AVAILABLE on-line, we accept new members BY APPLICATION ONLY.

Here is how it works:

Each month you get 2 tele-conferences with me. I decide our topics based on YOUR e-mails YOUR and questions about succeeding in your business.

These teachings will guide and direct you to building your "dream business." It is very important that you stay "plugged into" the calls and participate live or listen to the recording soon after.

Please do not apply if you cannot make the commitment or be self-disciplined enough to be a good student through participation and *taking action on ONE thing to move you closer to your goals on each call.*

We will e-mail you the MP3 links, so if you miss the call, you can listen and learn at your convenience.

You can "talk" to me personally on the calls. I take Q and A. You will also get my "secret e-mail address" that I only give to personal coaching members. *I personally answer all e-mails that go into this account.* [If you are wondering HOW I create the time for this I explain fully in the "Creating

Abundance for the Spiritual Entrepreneur" Course. I will include the Abundance program as my gift when you enroll in the Zen Business Bootcamp Gold Program [\$327 value.] E-mail Gileana [gileana@zenbusinessbootcamp.com] and she will send you the digital download.

(Note: If you are outside the US, you can participate entirely on line so there will be no additional phone charges.)

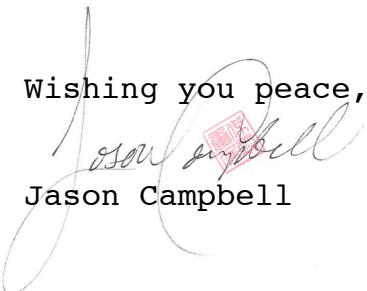

One of the stresses we face as either studio owners, independent teachers or "future studio owners" is making good decisions for your business. All of my personal mentoring clients agree that the "clarity" that they get from the mentoring is "worth its weight in gold." This is the reason I opened up the Zen Business Bootcamp Gold Membership program.

Enrollment is limited to 40 members only. Once it fills up, that's it. I have room for 40 and no more. [If you saw my schedule, you would understand why I must have strict limits on participation.]

I invite you to join us while there are slots still available. We are a group of teachers and studio owners committed to the personal transformation of our "craft" (yoga, qigong, tai chi, martial arts, acupuncture, massage, etc) as well as benevolent and profitable business practices. When you apply the teachings, your monthly investment of \$197 [US] will pay for itself many times over.

I sincerely look forward to working with you. All of our teachings are 100% guaranteed*. See our website [www.zenbusinessbootcamp.com] for over 100 pages of testimonials from teachers and studio owners just like you.

Wishing you peace, blessings and abundance.

Jason Campbell

PS We offer 2 upgraded programs from the Gold Membership. The Gold plus membership includes all the Gold benefits [group coaching plus e-mail support] plus an additional two – 30-minute one-on one calls with me personally each month. As I write this, we just opened a few new slots. Call or e-mail Gileana for application. Cost is 495 / month

Our personal mentoring program [weekly one-on-one calls] is completely full. There is a long wait for this program [It has been almost 2-years since anyone dropped out of this training.]

PPS What is the commitment? I am often asked? Is there a contract? Here is our policy:

You make a LIFE commitment to these teachings!!!

However, if after 90-days you do not see how these teachings are dramatically increasing not just your revenue but your peace-of-mind and overall happiness, then please drop out immediately and make room for the next teacher on the wait list. Just give us 30-days written notice [to respect our scheduling] and we will “shake hands” and move on. However, I highly doubt this will happen.

All of our relationships are “win-win” with all of our clients. I suggest you take the same approach with your students.

I sincerely look forward to your success.
